

INVITATION

IADC HSE Conference 2012

Omni Houston Hotel Westside, Houston, Texas, USA - February 7-8, 2012

Are you interested in business solutions for risk and QHSE management?

DNV Software will be present at the IADC Health Safety Environmental & Training Conference & Exhibition in Houston, presenting our portfolio of Synergi QHSE software, a complete business solution for risk and QHSE management, managing all non-conformances, incidents, risk, risk analyses, audits, assessments and improvement suggestions.

We will also be available to discuss other products in the DNV Software portfolio, for those who would like that.

Do you have control of your QHSE performance?

Come meet us for a demonstration of our software at Stand #18!
